

Rain-Out Exclusive

Distributor Territories

Now Available

We are now the largest Under Deck manufacturer in North America with almost 500 dealers in 44 States and 6 Providences of Canada. It is time to have local distribution.

We are now offering Exclusive Distributor Territories for those Rain-Out Dealers who qualify.

[Click here to apply to be a Rain-Out Dealer](#)

This will be done on a first come, first served basis. Geographical areas will be set up by population.

Here are some of the details:

1. Distributors will receive a 25% discount on bulk orders (this is the maximum discount available and is not valid with other discounts).
2. This discount makes it possible for you to mark the products up 25% so dealers can purchase from your in-stock products at the same price as they buy from us.
3. The 25% discount also gives you better margins or better pricing to Homeowners.
4. Territories will consist of 500,000 to 1,000,000 population (depending on densities) by zip codes.
5. A Distributor may have more than one area, if they qualify.
6. No other Rain-Out Distributors will be set up in your area.
7. To be a Distributor you will need 2 bulk purchases of at least \$15,000 every 6 months.
8. You can sell to any Rain-Out Dealer or Homeowner across the country, but shipping is your responsibility.
